

**Brigade Group** is a multi-domain organisation with an enlightened, futuristic outlook, operating in four major areas—property development, property management services, hospitality and education.

With the creation of Brigade Hospitality Services Pvt. Ltd, Brigade Group's sphere of activities has expanded to include management of serviced apartments and corporate residences, senior citizens' residences, clubs, and most recently resorts and spas. Also underway is a 250-room 5-star hotel at Brigade Gateway, being set up in partnership with an international hotel chain. Brigade Homestead will soon be adding several more serviced apartments and corporate residences to its portfolio. The Woodrose in South Bangalore has already set up a new bench mark for exclusive clubs. Augusta, Galaxy and Regent are other upcoming Brigade clubs.

In the domain of property development, for which it is best known, Brigade Group has over 70 projects to its credit, with many more in various stages of conceptualisation and creation. Projects currently underway include two of the largest enclaves in Bangalore, the city's tallest office building, its largest mall and multiplex, two world-class hill resorts and spas, a hospital and two schools.
