## THE MYSORE PAPER MILLS LIMITED, BHADRAVATHI

The Mysore Paper Mills Limited, a Government of Karnataka Undertaking, was started in the year 1937 as a small paper mill, and is now a large producer of Newsprint, Writing Paper Printing Paper and Sugar. The present annual production of our paper mills is 75,000 tonnes of Newsprint and 30,000 tonnes of Writing and Printing Paper. Our Sugar Mill has a crushing capacity of 2,500 TPD, with Bagasse, the by-product being used as a raw material in the Paper Mill.

The Captive Afforestation Programme of MPM has been unique such that 30,000 hectares of degraded forest land have been converted to high yielding pulpwood plantations of Eucalyptus, Acacia and Tropical Pines. These plantations, apart from meeting the pulpwood needs of our Mills also help in providing rural employment; fire wood and mulch for local farmers; act as effective carbon sinks; conserve soil and water of catchments; prevent encroachment of forest lands and improve the bio-diversity of the adjoining forests. The captive plantations provide ecological security to the eco-sensitive areas in Western Ghats and have also been responsible for providing shelter to 19 species of mammals, 115 species of birds and a large number of invertebrates including Moths and Butterflies.
